## What does the sign say?

- Områdeskod = Parking area code.

  This code must be registred when parking via app.
- Taxa: avgift xx-xx = This indicates at what times parking fee must be paid, and the amount of the fee. If the sign say "Taxa: avgift 08-24 alla dagar" it means that parking fee must be paid everyday during the times given.

But in this case, the sign says that the parking fee must be paid between 08.00 - 24.00 weekdays, as well as on Saturdays (days before Sundays or public holidays).

From 8 a.m to 6 p.m the fee is 20 Skr the first two hours and thereafter 35 Skr per hour.

From 6 p.m to midnight the fee is 5 Skr per hour.

EasyPark and Parkster are the apps that can be used when parking at our parking areas in Uppsala.
